CROCHET . . . *first in the* POPULARITY *parade*

Year in and year out, come fads and fashions, crochet remains the favorite handcraft of the women of America.

In recent surveys, answers to the question "Why do you crochet" show that most people like first, the relaxation it gives and second, the attractive models they can make. Home decoration, smart accessories and fashion-right clothing—all are at the fingertips of the clever crocheter. As she creates beautiful lace or interesting fabrics, she gives expression to her artistic instincts and finds blessed relaxation at the same time.

. . . ***also*** *first in the popularity parade—delicate lacy doilies and smart modern place mats made with* ***Coats and Clark's O.N.T. Crochet Cottons.***
